

Begin Your Free Trial

With NuWave middleware, you can be up and running in just 30 minutes. All of our products are available for a 30 day free trial. To begin your trial:

1. Request a trial license for one or more of our products from our [Trial License Center](#). You'll need to have your six digit *System Number* ready (see below).
2. Download the product installation PAK files from our [Software Download Center](#). Note that you don't need to be a system administrator to install our products.
3. Follow the product specific installation instructions found here:

[LightWave Client](#)
[LightWave Server](#)
[SOAPam Client](#)
[SOAPam Server](#)

During your trial you have full access to our support services. If you have any questions or comments during your trial visit our [Support Center](#) to submit a support ticket or simply email your question to support@nuwavetech.com. We're here to make your trial a success!

Finding your System Number

Your NonStop Server system number can be found using the SYSINFO utility. In this example the System Number is "012345". Note that all digits of the system number must be provided including any leading 0's.
