

Begin Your Free Trial

With NuWave solutions, you can be up and running in just 30 minutes. All of our solutions are available for a 30-day free trial, and you don't have to be a system administrator or user SUPER.SUPER to install our solutions. To begin your trial:

- Request a trial license for one or more of our products:
 - Using the SYSINFO utility, record your six-digit *System number* (see below).
 - Visit our [Contact page](#) and fill out the Contact form including the name of the products you'd like to trial and the system number(s)
- Download the product installation PAK files from our [Software Download Center](#).
- Follow the product specific installation instructions found here:

[LightWave Client](#)
[LightWave Server](#)
[Prizm Gateway](#)

During your trial you have full access to our support services. If you have any questions or comments during your trial visit our [Support Center](#) to submit a support ticket or simply email your question to support@nuwavetech.com. We're here to help make your trial a success!

Finding your System Number

Your NonStop Server system number can be found using the SYSINFO utility. In this example the System Number is "012345". Note that all digits of the system number must be provided including any leading 0's.

```
TACL> sysinfo

SYSINFO - T9268H01 - (01 OCT 2014) SYSTEM \NODE
(C) Copyright 2014 Hewlett-Packard Development Company L.P.

      System name      \NODE
EXPAND node number    100
      Current SYSnn    SYS00
      System number    012345 <----- Your system number
Software release ID    L21.06.00
```
